CATALOGUE OF Standard Seeds.

FOR SALE BY W. B. Longstreth, Gratiot, Ohio.

January 1, 1895.

ESTEEMED FRIEND:— The season will soon return when the planting of seeds will be in order. And to let you know of the good thing I have to sell I herewith present you, with my Second Annual Catalogue of a few Standard Seeds. Please look it over carefully, and send me a small order if it is only for a single packet.

Thanking you for past patronage and respectfully ask for a continuance of the same in the future. I remain

Very Truly Yours,

W. B. LONGSTRETH,

GRATIOT, OHIO.

—†—
PLEASE READ CAREFULLY.

WHILE:—I exercise the greatest care to supply every article true to name and of the very best quality, I wish it clearly understood that I do not warrant the seed to produce a crop as there are many things beyond human control to prevent it. And I cannot in anyway hold myself responsible for any lose or damage arising from any failure thereof. If the purchaser dose not accept them on these terms they must return the seeds at once, and the money paid for same will be refunded.

But I do guarantee them to be
NEW SEED and the safe arrival

of same to my customers.

ADDRESSING:—I would earnestly request all customes when sending orders for seed, to carefully fill in their NAME and ADDRESS. As there are so many forgetful people who send money without their name or address that I deem this caution very important, owing to the fact that I naturally get blamed for not sending the seed, when I am entirely innocent not knowing where to send.

HOW I SHIP SEED:— I send all seed advertise in this catalogue, BY MAIL ONLY, postage-paid at prices quoted.

DO NOT order any kind of seed which is not offered in this catalogue, because everything I have to sell is quoted.

HOW TO SEND MONEY:—All money may be sent at my risk if forwarded by postoffice order or registered letter for fractional parts of a dollar postage stamps, if in good condition and ones or twos, will be accepted.

Keep A Correct Copy of your order so that you may know when a package arrives if all is correct, as people often forfeit what they, and complain without cause.

To Those Who Send:— A neat, plainly written order, will be sure to have it filled correctly and with dispatch. And will also receive some valuable "extras"

All Customers are urged to place orders early, or as soon after you get the catalogue as possible.

Hoping to be favored with your order whether large or small,

I remain Yours Truly,

W. B. LONGSTRETH,

GRATIOT, OHIO.
